RECOMMENDATION LETTER FOR KATHLEEN WANJIIRU MUCHIRI

Kathleen Muchiri has worked for me as my personal chef over the past 4-5 years. During this time, she has taken care of my kitchen and has been incharge of the menu planning. This has allowed me to have different options of meals taking away the monotony of repeating menus. In this period of time, she has been accommodating and creative in ensuring a smooth transition for myself in helping me with changing my dietary restrictions.

Kathleen has been extremely helpful in teaching and conducting cooking classes for my friends and kitchen staff which has helped us sharpen our kitchen skills.

Last but not least, she has provided her catering services in the event that I have a function or gathering within my home. I am very happy with her work over the years and I truly believe she is an extremely talented and diligent chef.

I believe she would be a great addition to your team.

Your Faithfully,

Magdalene Mwende Mulandi
