**RE: RECOMMENDATION LETTER**

The above subject refers.

This is to certify that Caroline Nyokabi Karima of Kenya National Identity No.27470763 was in the employment of Capital Club East Africa effective 1<sup>st</sup> October 2013 until 31<sup>st</sup> January 2019 when she resigned on her own accord.

During her working period, Caroline proved to be hard working, had a can-do attitude, was a team player and portrayed a friendly personality. She handled her duties and responsibilities effectively and her performance was quite remarkable and that impressed us all.

I am totally confident that Ms. Caroline shall definitely become a very valuable asset to your company like she was to ours hence recommending her to any prospective employer who may wish to engage her services.
