## Letter of Recommendation

Whom it may concern,

I strongly recommend Elius Kiptoo Kemboi for employment as a member of your waiting team. He has proved to be an excellent waiter and has been one of the best waitresses since joining us on August 2021 and since then he has even achieved 'Server of the Month' in the month of May 2022.

Elius has always been a welcome addition to our team from day one. His professionalism here has distinguished him in addition to being a quick learner, a competent waiter and overall a reliable bright young man. Always punctual, he often volunteers to cover the shifts of his colleagues when there is a need.

Elius has excellent communication skills despite having in-depth knowledge of food and beverage pairing and has achieved a 99.5% guest satisfaction score since joining us as part of our excellent waiting team. Due to these factors, that is why I am recommending him. For more information about his conduct and professional work history, please contact me anytime via +974 -44921666

I wish him all the best in his future.

Best regards,

*Ilkin*
